## **2022 Inactive Irrigation System Certification**

*I hereby understand my responsibility to protect the potable water supply as follows:*

1. I, the customer, shall prevent pollutants and contaminants from entering his/her potable water supply. In order to protect the water distribution system Nolensville College Grove Utility District customers shall be responsible for ensuring that no cross connections exist without approved backflow protection within his or her premises, starting at the point of service with Nolensville College Grove Utility District.
2. I, the customer, shall at my expense, cause the installation, operation, testing and maintenance of backflow prevention assemblies.

*I hereby understand and agree that in order not to be required to test my Backflow Device because my system is inactive, I must comply with the following:*

1. The inlet and outlet pipes where the backflow device was installed has been cut to no more than 6 inches above ground level. Nolensville / College Grove Utility District will come out and inspect to verify that this has been completed. If a trip is made and the device has NOT been cut to no more than 6 inches above ground level and glue caps installed on the pipes there will be a \$40 trip charge assessed to the account.
2. The ends of the pipe have been affixed with permanent glue caps.
3. If at any point I decide to make my system active I will **first** notify Nolensville College Grove Utility District and make arrangements to have my backflow device tested before the use of the system is permitted.
4. Nolensville College Grove Utility District will routinely monitor irrigation usage to determine compliance with this "Inactive Irrigation System" certification. **Customer noncompliance with this**

N/CG Utility District prohibits discrimination on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation & marital or family status.

Certification shall make the system subject to Nolensville College Grove Utility District's backflow testing requirements plus a \$500 violation fee which must be paid before water service is restored.

*I hereby certify that I understand and agree to all conditions as outlined above, and that since I choose not to utilize my system, this Certification will permit me not to install a backflow device.*
